

## DENVER DISASTER

Hotel Wrecked by a Terrible Explosion This Morning.

### ANY GUESTS IN THE RUINS.

People in That Portion Destroyed, Nearly All of Whom Must Be Dead. The Boilers in the Basement Thought to Have Exploded—Ruins Are Burning Mercely—Shrieks of the Wounded.

DENVER, Aug. 19.—The Gurney hotel, No. 1733 Lawrence street, was wrecked by a terrible explosion at 12:10 this morning. The rear half of the building, a 5-story brick and stone structure, went down with a crash. The hotel was crowded with guests, and many of them must have been killed as the entire force of hotel employees, who were sleeping in the portion of the building that fell. On both sides of Lawrence, from Seventeenth to Eighteenth street, and on Larimer, directly in front of the Gurney, the plateglass windows of the business houses were blown out and a number of pedestrians were injured by falling glass. The fronts of many buildings in the vicinity were wrecked. The hotel structure for 100 feet along the alley and extending 75 feet toward the front is a mass of debris. Brick and stone are piled in heaps 20 feet high. From this mass of wreckage can be seen the means of the injured and dead. At 12:35 five injured persons have been taken out. They were all inmates of the upper story and sank down with the floors, escaping more fortunately than those below, who are still buried in the ruins. The firemen are working like beavers in digging into the debris, but are making little progress. The remaining portion of the building from which the debris are being removed by ladders as far as possible is expected to fall at any moment, and precautions to avert further loss of life adds to the difficulty of reaching the dead and injured. By some estimates, 60 people were in the portion of the hotel destroyed, nearly all of whom must be dead. It is late before a full list can be obtained. The cause of the explosion is certain, but it is supposed that the boiler in the hotel basement had exploded.

The sound of the explosion was heard throughout the city, awakening people about a mile away. A cloud of dust was thrown a thousand feet in the air, and there is not a bit of air stirring still hangs in the air like a huge column. Minute atoms of powdered brick and mortar are descending like gentle snow. At 12:50 the ruins are fiercely burning. The firemen have been obliged to retreat from the work of rescue. Every engine in the city is pouring streams of water on the mass, but the flames cannot be possibly gotten under control before any of the injured have been cremated. As their chances of escape lessen the cries of the imprisoned people are increasing, heartrending shrieks rising on every portion of the great mass of wreckage. Two injured women had been almost suffocated in the ruins when the flames approached so close that the rescuers had to abandon them for their own safety. Both voices have now been silenced, fire completing the work commenced by the explosion. The bodies of three women are also to be seen in the back part of the building, but cannot be reached. The flames make it impossible for the work of rescue to be carried on, and the loss of life will be appalling. Six persons have been taken from the wreck, badly injured. Yesterday 22 people registered at the hotel many late at night. The latest estimate of the dead makes the number 60. Among the dead are Peter Gurney and R. C. Grenier, the proprietors of the hotel. Night Clerk Irwin is among the survivors, though badly injured. He states that there were 67 rooms in the hotel, of which 52 were occupied, some of them by three people. In the rear portion, which is completely destroyed, were 16 rooms, all of them occupied. Twenty-four have been accounted for, six being probably fatally injured and the rest less seriously. Shortly before the explosion occurred, the night clerk was heard to remark that 70 guests were in the house. The list of servants will not exceed ten, making a possible death list of 66. The fire is still burning, though only smoldering. In the last two hours only one of the men imprisoned in the debris has been rescued, and he will die. The damage to the hotel will amount to from \$30,000 to \$40,000.

In Colorado they plant potatoes on alfalfa ground with excellent results.

## OHIO DEMOCRATS.

More Interest Is Shown Over the Money Question Than About Candidates.

SPRINGFIELD, O., Aug. 19.—The advance guard of the Democratic state convention has made its appearance here and by tonight the crowd will all be here ready for the fray tomorrow and Wednesday. Since the selection of delegates Saturday in the different counties it is evident that there will be a close fight between the free silver men and their opponents on the organization of the convention and the platform. The free silver men control the state executive committee, of which Allen W. Thurman is chairman, and the Brice men control the state central committee, of which M. A. Smalley is chairman. The free silver men claim that the returns from Saturday's county conventions show that they have a majority of the delegates, but this is not conceded by the Brice men, who certainly have the better organization. It is conceded that there will be a hot fight for members of the committee on resolutions and for places on other committees tomorrow afternoon. At the district meetings in the afternoon it will be determined who will control the convention on Wednesday. If the free silver men secure the organization it is believed they will nominate Colonel James Kilbourne of Columbus for governor.

### KU CHENG INVESTIGATION.

China Seems to Be Trifling With the Foreign Representatives.

LONDON, Aug. 19.—The Shanghai correspondent of The Times telegraphs as follows: The consular expedition to Ku Cheng will probably prove futile, China's attitude in trifling with this serious question is likely to lead to further trouble.

### DAMAGE BY FOREST FIRES.

Village of Satezon Said to Be Completely Surrounded by Flames.

SPOKANE, Wash., Aug. 19.—Extensive forest fires have been raging throughout the northern part of this state and in Idaho for a week past, and millions of feet of timber have been destroyed. The smoke hangs like a pall over the city, and is so dense as to be almost suffocating. A report from Wallace, Ida., says that the fire, aided by a strong wind, is rapidly licking up the forest along the line of the Northern Pacific cutoff, and threatens to communicate with the tunnel. All trains have been abandoned. Four section men are believed to have perished in the flames. The fire has surrounded the village of Satezon, cutting off all avenues of escape, and it is greatly feared that the 100 inhabitants will perish. Unless rain comes soon to quench the fires untold damage will result, as well as loss of life.

### ILLINOIS GAME LAW.

H. Clay Merritt Escapes With a Fine of \$5 on Each Count.

KEWANEE, Aug. 19.—Out of the 2,705 counts against H. Clay Merritt for handling illegal quail, prairie chicken and grouse, the jury Saturday found him guilty on but 161 in the county criminal court. Judge Mock fixed the fine at \$5 per bird, making a total of \$805. Game Warden Charles H. Blow is completely baffled by this move, for had he his way he would have brought the case up in October and secured half the fines by so doing, but now the county takes all the money. The judge overruled a motion by the defense for a new trial. He is made to pay the fines only on those which he sent to Hinsdale, Ill., in response to a decoy letter.

### Steamer Ashore.

POINT ARENA, Cal., Aug. 19.—The steamer James Townsend was driven ashore just north of the lighthouse yesterday. She had been in tow of the steamer Noyo, but the line parted. The Noyo is not in sight and must have lost the schooner in the fog. The Townsend is loaded with lumber bound to San Francisco from Fort Bragg. One man swam ashore. The rest of the crew is in the rigging and will be saved if the schooner holds together. Help was sent from here.

### Lead Ore Higher.

GALENA, Ill., Aug. 1.—The price of lead ore in Galena reached \$21 per 1,000 Saturday, the highest price paid since the depression in the lead market several years ago. Over 40,000 pounds were sold at the above figure. A further advance is looked for.

### Printers' Wage Scale.

NASHVILLE, Aug. 19.—President W. B. Prescott of the International Typographical union has been here for several days arranging a settlement of the scale of wages of book and job printers. A settlement was reached satisfactory to all on a sliding scale of from \$12 to \$18 per week.

### BRIEF MENTION.

A movement is on foot to lay a cable from San Francisco to Honolulu. Many delegations of Knights Templar are on their way to the Boston conclave.

Military guards consisting of Colombian soldiers are being stationed along the line of the Panama canal.

Mr. Croker of New York, who is in England racing his horses, says he has been treated very nicely and has no complaint to make.

Mad with jealousy Mrs. Thomas Holman of Dayton, Tenn., shot her husband through the heart yesterday. He fell dead without speaking a word.

Nine business houses of Montgomery, Mich., were destroyed by an incendiary fire yesterday. The losses aggregate \$45,000; insurance about \$12,000.

Mrs. Baird warned Druggist Elston of Old Monroe, Mo., against selling her husband liquor. The warning was not heeded, and Mrs. Baird shot the druggist, killing him instantly.

## SAILBOAT IS CAPSIZED.

Seven People Find a Watery Grave at Ocean City.

### BOAT BADLY OVERLOADED.

Accident Happens Within a Short Distance From the Shore—Work of a Florida Mob—A Murderer Who Had a Record of Eight Deaths Lynched and the Jailer Accidentally Killed.

OCEAN CITY, Md., Aug. 19.—By the overloading of a small pleasure boat an entire family was drowned and two other families are in mourning. A party of farmers from the neighborhood of Frankford and Shelbyville, Del., had a fish fry on Grey's creek, a branch of the Isle of Wight bay, with bathing, fishing and amusements.

William Hudson carried a party of nine out sailing, and as the boat was about to come back the women of the party jumped screaming to the high side, capsizing the little craft, which was hardly large enough to carry five persons. The following seven were drowned:

William Storrs, 45 years of age, Philadelphia.

Laura Storrs, his wife, aged 35, and his daughters Ida May, aged 16, and Eva, aged 14.

Myrtle Stevens, aged 16, a daughter of Joshua Stevens, of Shelbyville.

Lina Hall, aged 19, and her sister, Lulu Hall, aged 14, daughters of Elisha Hall, near Frankford.

The capsizing occurred within 200 yards of the shore and in water seven feet deep. Mr. Storrs had only one hand and was blind in one eye, but was an expert swimmer. He succeeded in getting his two daughters on the bottom of the boat and was getting his wife when the two girls became scared and slipped off of the boat and went to their parents and together the four perished.

Hudson, who was sailing the boat, got the two Hall girls on the bottom of the boat and was trying to save Miss Stevens, when they slipped off and were drowned before he could get to them.

Two other young ladies who were in the boat were rescued by a fisherman, who put off from the shore as the boat capsized. The Storrs family resided at 419 Lancaster avenue, Philadelphia. Mr. Storrs was married in this neighborhood, and yearly he brought his family down for a two weeks' outing. They were very fond of aquatic sports, and spent most of their time boating and fishing.

Hudson, the skipper, protested to Mr. Storrs against the party crowding into his small boat, which could only carry comfortably four persons. Storrs answered: "Oh, there is no danger; the water is shallow; we are too close and the wind is light."

The bodies when recovered yesterday by the searching parties presented a horrible sight, particularly that of Mrs. Storrs. Crabs had eaten the flesh from her face, exposing her teeth, and even the roots of her tongue. The ends of the fingers of all had been eaten away and their eyes had disappeared.

Before entering the boat Mrs. Storrs took her husband's gold watch, over \$100 in money and the rings and other valuables and tied them in her apron. She was tightly clutching the bundle in death.

### MAN OF MANY MURDERS.

Samuel Lewis, Who Murdered Three Men, Lynched by a Mob.

WEST PALM BEACH, Fla., Aug. 19.—Samuel Lewis, the murderer of three men, was taken from jail at Juno at 3 o'clock this morning by a mob of masked men and lynched. When the mob demanded Lewis the jailer said they could have him if they harmed no one else, to which they consented. As the door was opened a negro deputy ran out. Some one fired, missing him and killing Gustave Kaiser, the jailer, but the negro escaped. Four men then entered the jail and took Lewis, who begged pitifully for his life, to a telegraph pole, where he was hanged, after which the body was riddled with bullets.

Lewis shot and killed John Highsmith, ex-tax collector of Dade county, and his brother-in-law, George Davis, in cold blood. Lewis escaped, but a posse caught him. In arresting him, Lewis shot and killed Deputy County Clerk Ret McGregor. Lewis is said to have killed five men before.

### CRAZED WITH GRIEF.

Father Burned to Death Trying to Rescue One of His Children.

ELGIN, Ill., Aug. 19.—Frank Kazar and his 4-year-old daughter Sylvia were burned to death in a fire which destroyed their residence and several other buildings at Algonquin, a small village near here, yesterday morning. The fire started in Kazar's house. When aroused Kazar managed to get his wife and two of his children out safely, but before he could reach Sylvia a portion of the floor fell in, carrying the child down. Kazar was crazed with grief and resisted the efforts of neighbors to drag him from the burning structure, clinging to the doorframe until the roof fell in, burying him in the blazing mass. The pecuniary loss aggregates a few thousand dollars.

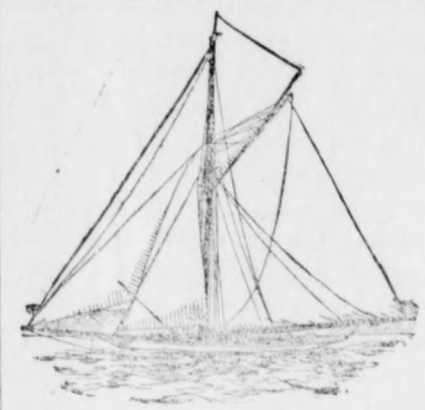

### Maximo Gomez Reported Dead.

TAMPA, Fla., Aug. 19.—It was reported from Cuba last night that General Maximo Gomez died from consumption July 31. Other reports are that he died from the effects of a wound. Cubans deny that Gomez was ever afflicted with consumption, and as the report is not official, they attach no importance to it.

## VALKYRIE III ARRIVES.

England's Champion Yacht Now Anchored in New York Harbor.

NEW YORK, Aug. 19.—Thousands of people were on the lookout yesterday for the arrival of Valkyrie III, and the British racer did not disappoint them. At 22:45 p. m. news came over the wires that she had passed Moriches lifesaving station. Soon afterward there was a scene of commotion in the harbor. Craft of all kinds were gotten under

VALKYRIE III.

way to meet and welcome the foreign visitor. Among the first of those to get in motion was the freight steamer City of Bridgeport, with Lord Danraven's representative in America, Maitland Kersey, and a large party of friends aboard.

Vigilant and Defender and numerous other boats went down the city

DEFENDER.

the Englishman, and it is said the fleet of vessels was the largest that ever sailed to meet an incoming yacht.

At 9:35 the Valkyrie, in tow, slowly passed quarantine and was boarded by the health officers. The cup challenger looked trim and neat in the glimmering light. Her sails were snugly stowed, and on her decks were apparently all the members of her crew. Hearty cheers of welcome were exchanged with the British sailors, and the usual formalities having been complied with, Valkyrie continued her journey up the bay.

An uneventful voyage was experienced, and the trip consumed 29 days and 18 hours.

### DISASTROUS FIRE.

Factory and Several Dwellings Burned. Four Men Were Injured.

SPRINGFIELD, O., Aug. 19.—Fire started in the engine room of the Patent Steel Whip company yesterday afternoon and destroyed the entire stock and machinery and the 3-story brick and frame building, entailing a loss of \$20,000 on stock and machinery and \$10,000 on the building. A brisk wind blew sparks two blocks off and burned three 1-story frame dwellings and set fire to other houses. A brick wall fell on 12 men who were standing on a roof that caved in. Ex-Fire Chief R. Q. King had three ribs broken, also internal injuries. Firemen Charles Thorp, John Weir and Henry Todd were burned and bruised, but not seriously.

### GANG OF OUTLAWS.

Store Raided and Women Assaulted, Two of Whom Will Die.

GUTHRIE, O. T., Aug. 19.—Daniel R. Brown, a merchant from the Seminole reservation, brings information of a dastardly crime committed near Arbaca. A gang of Creek Indians and negroes, with several white outlaws, raided Samuel Norford's store and, after completely gutting the place, assaulted and otherwise mistreated five women in the neighborhood, two of whom will die.

### Sickness Among Spanish Troops.

HAVANA, Aug. 19.—The sickness amongst the Spanish troops does not abate. A battalion of the Guadalajara regiment, quartered at Mayari, province of Santiago de Cuba, reported that six officers died within a few days. The volunteers display no enthusiasm. They are paid \$30 in gold monthly while serving. Reports from all the provinces concur that the economic condition of the country grows worse daily. It is impossible to obtain an advance to pay laborers on the plantations.

### Fatal Railroad Wreck.

MIDDLETOWN, N. Y., Aug. 19.—At an early hour yesterday an Ontario and Western train crashed into two boxcars which projected from a siding over the main tracks at Bernhart's Bay, near Oneida. Fireman J. Cooper was instantly killed. Engineer Kinney and brakeman J. Bred were badly injured.

### German Veterans Cross the Frontier.

PARIS, Aug. 19.—Despite the prohibition some of the old soldiers of the war of 1870 from Darmstadt crossed the frontier to Amannville to place wreaths on the tombs of the German soldiers. The French police treated them politely, but insisted upon the removal of the inscriptions from the wreaths.

## ELOPERS ARE MARRIED.

After Driving Several Days in Their Search for a License.

### BRIDE'S FATHER RELENTS.

Bicyeler Killed by Being Drawn Under a Train by Suction—Hit by a Stone From a Sling—Contractor Puts \$400 in a Tin Box and a Thief Gets It—State Notes.

SALEM, Aug. 19.—The eloping couple, William Holland and Miss Fannie Tatlock, who have been driving over the southern part of the state since last Tuesday trying to get a marriage license, were married here Saturday night. They left home Tuesday in a buggy, and were finally overtaken at Leavenworth, where the father of the girl told her if they would drive home he would secure the license and see them married. They arrived in town and the father procured the services of a 'squire, and meeting the couple in the buggy under the electric light at High and Market street, the ceremony was performed without getting out of the vehicle. After the ceremony they went to the house of Mr. Tatlock and all were reconciled.

### SAWED THEIR WAY OUT.

Three Inmates of the Jeffersonville Jail Secure Their Liberty.

JEFFERSONVILLE, Aug. 19.—Three inmates of the county jail escaped in the night, but their flight was not discovered until 5 o'clock next morning. The burglar and thief, Harry Chapman, of Cincinnati, planned the delivery, and admitted to freedom besides himself George Jones and William Johnson, both colored. The men were kept in the cage on the second floor of the jail. They were not locked in their cells on account of the heat. Having access to the cage, they were afforded a splendid opportunity to saw out. Chapman was furnished with a saw, the jail officers think, by Willie Willis, who is serving a year sentence in jail and is a trusty. An examination shows that Chapman was several days in sawing a hole in the top of the cage sufficient to allow a man's body to slip through. This let the prisoners into the loft, and by climbing a short distance, an open skylight was reached. A blanket rope was tied to the roof and the trio dropped to the ground. Chapman is a well known criminal. Several years ago he killed three policemen in Cincinnati, but, through influence, was pardoned after serving a few years of a life sentence.

### Suction Drew Him Under the Train.

ELKHART, Aug. 19.—As a Lake Shore westbound passenger train was nearing Swanton the engineer noticed a bicyclist riding between the double tracks and whistled a warning. The rider, however, did not hear or heed, and when the train was passing the suction drew him under, killing him instantly. The train was stopped and backed to where he lay, and he was taken on board and brought to Swanton to be identified. A piece of an envelope found in his pocket proved him to be Charles Ware of Toledo. The coroner's jury exonerated the employees and the company.

### Tin Box and \$400 Missing.

INDIANAPOLIS, Aug. 19.—Contractor Abbot drew \$400 from the bank Saturday night with which to pay his men. He put it in a tin box and placed the box carefully under the buggy seat. It being a very warm day, however, he concluded that a glass of soda would be about the proper thing, and as he was passing a dispensary he got out of his buggy and went in to get it, leaving his little tin box under the seat. When Mr. Abbot came out he found the box and contents gone, and no one in the police, but the money has not yet been recovered.

### Hit by a Stone From a Sling.

NORTH MANCHESTER, Aug. 19.—For several days residents of this city have been bothered with tramps. Many houses have been visited for food, and general complaints were made of their insolence. Finally a posse of 15 young men made an attempt to drive the tramps out, and during the row one of the tramps was hit in the head by a rock thrown from a sling by James Fosnough. The tramp may recover, but young Fosnough took to the woods and the authorities are after him.

### Races Called Off.

INDIANAPOLIS, Aug. 19.—Saturday's races were called off by the Driving club, as the attendance for the week had been a great disappointment to the management. The club stood about \$2,000 loser Friday night, and Saturday would have made the loss total up at least \$5,000. It is probable that the club will seek what patronage they can get for a running meeting in October, as the people evidently don't want harness races.

### Pennsylvanians of Indiana.

ELKHART, Aug. 19.—The annual reunion of the Pennsylvanians of Northern Indiana and Southern Michigan took place here Saturday, on Park island, with an attendance of 5,000. J. B. Stoll, of South Bend, was the principal speaker, and an appropriate programme was carried out.

### Whitewater Valley Baptists.

RICHMOND, Aug. 19.—The Whitewater Valley Baptist association closed its session Saturday and adjourned to meet next year at Elkhart. E. E. Beetle of this city was elected moderator and Charles L. Imberger of Cambridge City was chosen for clerk.

## STATE NOTES.

Scott county old settlers held a reunion at Lexington Saturday. Despite the extreme heat and dusty roads, a good crowd was present.

At the Broad Ripple regatta Saturday the Vesper eight defeated the University of Pennsylvania crew, the Vespers coming in nearly two lengths ahead.

The Antrim heirs held a meeting at Indianapolis Saturday to devise ways and means to get hold of that enormous estate, said to amount to over \$70,000,000.

South Bend sports enjoyed a prize-fight Saturday night. Jimmy Devors of Jackson, Mich., was getting the best of Kid Kerwin of Cleveland in the fourth round, but the police stopped the fight.

The 16-year-old son of Postmaster W. B. Fox of Kinzie was killed while attempting to get on a passing Nickel Plate freight train at that place Saturday. He was thrown under the cars.

Greensburg has stopped street sprinkling and all yard hose has been laid up on account of shortness of water. There is only three inches of water in the reservoir and that is needed in case a fire should break out.

James Leer, while out hunting near Elwood, shot at some pigeons. The load struck August Munchenberger and his daughter, who were sitting in their yard near by, and it is thought the daughter will not recover.

A store room and residence were burned at Portland Mills, Putnam county, Saturday. It is said the store room had just been rented for a pool room and quarters, and the fire is believed to have been the result of antagonism to the business.

The latest in Indianapolis in the way of police orders is that serenading parties must "move on." The other night a party of young men were out serenading in that city and their audience was delighted, but the police stopped them and threatened to run them in for disturbing the peace.

Suit has been brought at Rockport asking for the appointment of a receiver for the Chicago, Indianapolis and Chattanooga railroad. Frank Malone, a Chicago contractor, says the company owes him \$52,000, hence the suit, as he claims the company has been mismanaged and he cannot get his money.

### CLUB CLOSED UP.

Police Enforcing the Kansas Prohibition Law With a Vengeance.

WICHITA, Aug. 19.—Saturday night six policemen entered the back door of the Citizens' club of this city, drove about 100 of its members out and took possession of the liquors, bar fixtures and the keys, and arrested all the attendants, under order of the assistant attorney general for the county. The club was a co-operative affair, and no liquors were sold for cash, every member's drinking expenses being charged up against his stock. It was a chartered institution and its members elected by ballot. The membership of the club is about 400, comprising nearly all prominent business men of the city.

#### A LIVING PROFIT.

A Fakir Shows the Greencastle Colony of Suckers a Few Things.

It has long been a mooted question in trade and business circles as to just what per cent. should constitute a living profit. An enterprising Dutchman one time sought to explain it by saying he doubled his money thus making one per cent., but last Saturday a smooth talking stranger showed the Putnam county and Greencastle jays a scheme that put the Tene-tonic one per cent. idea far in the rear. The artist, for he truly was an artist, drove up to the corner of Indiana and Washington streets Saturday afternoon, swiped in about \$75 of good, honest Putnam county money and then left the city with out having been here long enough to pay a hotel bill. The fakir started the cupid and greed of the crowd to going by first selling a dollar for 75 cents; that was snapped up. Then he sold the six-bits for 60 cents; then that for 50 cents; the half was sold for 25 cents; that for a dime and he finally gave the dime for six matches. This left the fakir out just one dollar. He then took the six matches and sold them for a dollar apiece. He next got some jewelry and sold chains which he said were worthless at a dollar apiece. He sold six but gave the purchaser back their dollar and another dollar. The extra dollar in each case came off the watch purchasers, who were patiently waiting their turn. It never came. The artist then began selling cuff-buttons which he said were worthless for one dollar a pair. These were snapped up quicker than a black-snake takes a Martinsville fly until about fifty were sold. The crowd of guys, jays, jaspers and oars were now thoroughly hypnotized and easily went up against the next feature of the game which was watches. The fellow would put a bill looking like a ten or a twenty in the watch case which in reality was a one. These were quickly purchased at five dollars a grab. As a matter of news to the purchasers we will state that the watches cost at wholesale \$1.35 per dozen. That is about 11 cents each. At five dollars it will readily be seen that they yield the fakir what is known as a living profit. It beats the Dutchman's one per cent., by some. Men went up against that game with their eyes open like bugs against an electric light. Some of them worked hard for their money but in the old desire to get something for nothing they fell all over each other in getting the money into the stranger's box. The fakir did not misrepresent a thing. He told his dupes his goods were worthless and asked them just before he drove to his train if they were satisfied—they were. In about a month some other fakir will be here. He will land suckers all right, for one is born every minute, and it seems that they are quite prolific in Putnam.

#### They Hoisted our Valuations.

The state tax board have finished their equalization of county assessments and their work shows that they made increases of five to twenty-five per cent in fifty-two counties, with no reductions. Putnam is one of the counties raised over the report of the county board of review, and the *Journal* gives the following figures:

Putnam county—Returned \$20.-82; advanced 10 per cent. on land, 10 per cent. on lots and improvements in the city of Greencastle and 10 per cent. on improvements in Greencastle township.

#### Joe is Tired.

Muncie Times.  
Joe Wolfman announced yesterday afternoon that next Monday he would send to the county commissioners his resignation as constable. This morning Joe said that he was tired of his job, that his work did not suit him and that he could make more money elsewhere. He was elected constable last November and is the youngest constable the township ever had.

#### ARREST OF THE HEARNES.

The Doctor and His Wife Charged with the Stillwell Murder.

The following dispatch which is taken from Sunday's *Globe Democrat* gives the latest information in the celebrated Stillwell murder case at Hannibal, Mo:

HANNIBAL, Mo., August 17.—The Marion county Grand Jury this afternoon returned indictments against Dr. J. C. Hearne and his wife, Fannie Hearne, and they were at once arrested and charged with the murder of Amos J. Stillwell.

The Grand Jury, which has been in session at various times during the last thirty days investigating the Stillwell murder mystery, made the report to Judge Roy, of the Hannibal Court of Common Pleas, at 2:15 p. m. The report was a private one, and much excitement was caused by what was considered an unusual proceeding. No information was given out, however, until the crowd had left the court house. Then clerk Hagan issued a capias, and Sheriff Pratt, who had left the court room with the crowd, sauntered back as if he was simply going to his office in that building, got the papers, and went to the residence of Wm. T. Perkins, less than two blocks away.

There he found both Dr. Hearne and his wife and placed them under arrest. The doctor took his arrest very quietly, but Mrs. Hearne was exceedingly nervous. She has been in poor health for a week.

The arrests were the first intimation to the public that indictments had been returned. Both indictments are for murder in the first degree. The news soon became known over the city and there was much excitement, although the action of the Grand Jury is generally commended.

The prisoners were taken to Palmyra in a surrey by Sheriff Pratt this evening and placed in the county jail there. The method of transportation was suggested by Dr. Hearne, to avoid the crowd which might be expected to congregate at the depot. He refused to be interviewed. He said that he was through talking to newspaper men for the present. In a recent interview, however, he said that he did not court an indictment, but wanted the matter settled, as he was tired of living under the odium.

R. E. Anderson, this city, and Nat Driden, of St. Louis, will be the attorneys for the defense. Col. Anderson was asked this evening if habeas corpus proceedings would be instituted, and replied that he was unable to answer that question until after he had consulted with Mr. Dryden, who is expected to arrive Monday morning. Dr. Hearne has repeatedly said that he would not ask for a change of venue if indicted, but it is supposed that an effort will be made to take the case to some other county. The court of Common Pleas adjourned. The September term will convene September 16.

It is supposed that the Grand Jury had considerable important evidence in its possession that did not come to light in the depositions taken in the libel suit of Dr. Hearne vs. M. H. de Young, proprietor of San Francisco "Chronicle." Sheriff Pratt states that the prisoners will be treated like all others; they will be placed in separate cells and will not be permitted to communicate with one another.

#### Old Settlers Reunion.

To the Editor of the Banner Times.

The reunion of the old settlers of Putnam, Parke and Montgomery counties held at Sutherland's springs, August 15th, 1895, was a pronounced success. The day was fine and vast crowds of people assembled on the picturesque banks of Big Raccoon to drink the mineral waters that blubber and sparkle from the solid rock. They came for a day of recreation and innocent enjoyment. Many of the brave old pioneers of both sexes were present and given seats of honor. The grand stand was decorated with wreaths of evergreen and adorned with the stars and stripes. Sweet music was discoursed between the efforts of the orators of the day. The orations were of all varieties, from grave to humorous. The crowd was quiet and orderly, and the slick citizen with his games of chance and traps for the unwary, was conspicuous by his absence. The following officers were elected for the ensuing year: President, J. V. Durham; vice president, G. W. Hanna; secretary, A. J. Farrow; treasurer, J. T. Clodfelter. The officers will meet at Morton, Ind., the first Thursday in April 1896 to arrange a programme for the next annual reunion. Respectfully,  
A. J. Farrow, Sec.

#### ITS MERITS.

It is always ready for use. It cleans itself every time it is used. The flow of ink can be increased to suit writer by slightly turning pen back in barrel. Ladies and school children can carry it in any position and it will not leak. When the cap is on it is impossible to get any ink out. It never drops ink or floods when writing. It cannot gum or foul, as it is always moist. The Gold Pens are the very best made, and warranted unconditionally.

#### COUNTY NEWS NOTES.

##### PORTLAND MILLS

Saturday morning between one and two o'clock fire was discovered in the old yellow front store building on the west side of Main street and in the heart of the village. The building was an old one and a half story frame, and stood close in between the residences of George Ratcliff and Mrs. Leona Roop. When discovered the fire had gained too much headway to even make an effort to save it, and the attention of what few citizens that could aroused at that time was directed toward saving Mr. Ratcliff's residence, which stood only about twenty feet north, which was saved by the heroic efforts of the citizens, but Mrs. Roop's residence had to go with the store building. The business house was unoccupied and we are told that a gentleman in Russellville had recently bought some pool tables, and 'twas rumored that a quart shop was to be put in another room of the same building. Mrs. Roop is a very poor woman and had no insurance whatever, however most of her household goods were saved. The origin of the fire is a mystery and may have been an incendiary.

Ground has been broken for the stone quarry and Mr. Hibbert the proprietor, is here working several hands and teams stripping.

#### Do You Have Hayfever?

If so the best place to find relief is at Petoskey, Mich., famous the country over as possessing climatic advantages unsurpassed for the relief of that troublesome disease. The cool invigorating lake air laden with odors from the forests give almost instant relief and a few days stay removes all traces of the trouble. It's a delightful place to spend August or September even if one is not a sufferer, and is one of the most popular of Michigan resorts.

The Big Four through sleeping car service via Benton Harbor and C. & W. M. Ry., offers a most desirable route. Train leaving Greencastle at 8:12 a. m. connects at Anderson with through sleeper arriving at Petoskey at 7 o'clock next morning. Another excellent route is via the "Monon" leaving Greencastle at 12:07 p. m., and connecting at Michigan City with a through sleeper from Chicago arriving at Petoskey at 7 a. m. Ask for tickets via the "West Michigan" in either instance. It's the popular line. L. M. FULLER, d&wtf. A. G. P. A.

#### Spring Heels for Women.

I have just received a nice lot of men's Spring Heel, black kid, one step sandals with patent leather tip and heel in both pointed and narrow squares. They are made for wear as well as looks. They are the neatest and nicest thing in children's wear there is out. I have them in all sizes from children's women's. I have also some very pretty styles in women's spring heel shoes, both in button and lace. If you are an admirer of spring heel shoes for women's wear, come and see what I have in that line. If you want a nice rubber to rub your needle toe shoe here is the place to get it. If your boy's shoes have not been wearing as well as you think they ought, bring him in and I will fix them with a pair that will put you in good humor again. You will always find a larger stock of shoes here than at any other store in the city and they are always reliable.

Ragan, Mrs. Harriett Moore, J. W.  
Ragan, Milton Ragan, Mrs. John  
Welch, Mrs. Nicholson, Mrs. Rosebro,  
Miss Isabel Ragan, Howard Ragan and  
Solon Ragan. There are two of her  
children dead. The funeral occurred  
this morning at Fillmore.

An article in Sunday's Journal from  
Rockport said that Dr. J. B. Fisk,

pastor of the First Presbyterian church  
of that city was probably fatally in-  
jured by sunstroke at Terre Haute on  
Saturday and that he was brought to  
his home in Greencastle. Dr. E. W. Fisk  
said this morning that the erroneous  
report grew out of the fact that he was  
in the Union station at Terre Haute  
two weeks ago when the building was  
struck by lightning and when he was  
rendered insensible by the shock and  
that he went on to Rockport and did a  
hard day's work and preached the next  
day when he should not have done so.  
There was no truth at all in the dispatch  
that he was injured on Saturday last as  
he is here at home in good health.

**Dr. Miles' Nervine**  
Restores Health

**Weak, Irritable, Tired**  
"I Was No Good on Earth."

Dr. Miles' Nervine strengthens  
the weak, builds up the broken  
down constitution, and permanently  
cures every kind of nervous disease.

"About one year ago I was afflicted  
with nervousness, sleeplessness,  
Creeping sensation in my legs,  
Slight palpitation of my heart,  
Distracting confusion of the mind,  
Serious loss or lapse of memory.  
Weighted down with care and  
worry. I completely lost appetite  
and felt my vitality wearing out.  
I was weak, irritable and tired,  
My weight was reduced to 160 lbs.,  
In fact I was no good, on earth.

A friend brought  
me Dr. Miles' book,  
"New and Start-  
ling Facts," and  
I finally decide  
to try a bottle of  
DR. MILES' Re-  
storative Nervine.  
Before I had taken  
one bottle I could  
sleep as well as a  
10-yr.-old boy. My  
appetite returned  
greatly increased.

When I had taken the sixth bottle  
My weight increased to 176 lbs.,  
The sensation in my legs was gone;  
My nerves steadied completely;  
My memory was fully restored.  
My brain seemed clearer than ever.  
I felt as good as any man on earth.  
Dr. Miles' Restorative Nervine is  
A great medicine, I assure you."
